Transforming Minds, Translating Ideas

An Intercollegiate Biotechnology Fest

On 16th January 2016

Venue:

Dr. K. M. Vasudevan Pillai's Campus,
Plot No. 10, Sector – 16,
New Panvel – 410 206

ABOUT THE COLLEGE

Pillai College of Arts, Commerce and Science was established in 1998 by Dr. K. M. Vasudevan Pillai whose vision was to provide students of Navi Mumbai with quality education in a high-tech atmosphere. It started off with just a handful of students, but today it has grown to a full-fledged Bachelors and Masters Degree College with over two thousand five hundred students on its roll and eleven disciplines, i.e. B.Com. (Regular), B.Com. (Accounting and Finance), B.Com. (Financial Markets), B.M.S., B.M.M., B.Sc. (Computer Science), B.Sc. (Information Technology), B.Sc. (Biotechnology), M.Sc. (Information Technology), M.Sc. (Biotechnology) and M.Com. (Accountancy). It is situated in a 10 acre land surrounded by natural beauty and supported by the best infrastructure facilities, a state-of-the-art conference room, well-equipped computer labs and well-stocked libraries. The College was reaccredited 'A' Grade by the National Assessment and Accreditation Council (NAAC) in the year 2011.

ABOUT THE DEPARTMENT

Department of Biotechnology was established in 2004 and offers B.Sc. and M.Sc. programs in Biotechnology. The department has grown rapidly over the last few years as a result of its consistent efforts and regular updations. It prides itself on its three dedicated working labs for the undergraduate and post-graduate programs. The department also has a

state-of-the-art instrumentation room and well maintained plant and animal tissue culture laboratories. The Department aims to increase its research output by ensuring active participation by staff and students in the various research projects initiated independently as well as collaboration projects with its sister institute, Pillai Institute of Information Technology situated in the same campus.

ABOUT BIOTECHNOLOGY ASSOCIATION

The Biotechnology Association was initiated in the academic year 2006-07. The motto of the association is to encourage students to nurture their skills and talents like leadership qualities, communication skills, personality development, organization skills, etc. Various interdepartmental and intercollegiate events like science exhibition, essay writing competition, quiz competition, debate, etc., are conducted every year. The Intercollegiate Science Exhibition 'Vistas in Biotechnology' was one such initiative being conducted for the last seven years which has now emerged as Consortia. The association is also engaged in social activities such as providing clothes and study materials for orphans and underprivileged children. The members are working towards organising these activities for the coming years too....

ABOUT CONSORTIA

The Department of Biotechnology and Biotechnology Association proudly presents 'Consortia - Transforming minds, translating ideas'

the Intercollegiate Biotechnology Fest on 16th January, 2016 at Dr. K. M. Vasudevan Pillai's campus, New Panvel. The term 'Consortia' implies 'association or conglomeration' and as the name goes, the fest is being organized with the goal of providing a platform for the students of biotechnology to exchange ideas and showcase their magnificent talents and skills. The events planned aims to inculcate research culture in the young minds, helping them to create their own learning experiences and innovations, just as scientists do in the real world.
