

The Extravagant Two Decade Anniversary Celebration And Alumni Meet:

The sun was burning bright and so was the enthusiasm at the PCACS campus on the day of the celebration of the completion of two decades of glory since the inception. Witness the buzz and thrill that speaks to you even through the pixels caught by the lens:

On 22nd December 2018, PCACS witnessed a gala that awestrucked everyone who witnessed it, a celebration to behold. We, at the Pillai institution, celebrated *20 years of completion*. A ceremony to commemorate the hard-work of the teachers and staff here, the passion of the founders, the grit of the management and the last, but certainly not the least, the support and love of our students and alumni that they have for their second home- PCACS.

The event was graced by the presence of the founder of PCACS, the visionary, Dr.Vasudevan Pillai- Chairman and CEO, M.E.S. along with the one who stood beside him, being his strength and partner the whole time, Founder Principal of PCACS, Secretary of M.E.S., Dr.Daphne Pillai, Mr.Franav Pillai-Deputy CEO, M.E.S., Dr.Priam Pillai-COO, M.E.S. and the staff.

The lamp lighting ceremony was concluded as a symbol of enlightening the lives of the youth of our nation with the light of education that will help them burn bright and shine in their lives. And would you even call it an anniversary if there is no cake involved?

The celebration was just as magnificent as the cause of the celebration was. An evening with performances and acts that exuded talent and love by the students for their college.

It was a star-studded night, quite literally, as the spectators witnessed a flashlight moment that looked nothing less than the constellations dancing at the grounds of this very campus, a sight that was really a treat to our eyes. The hands holding the flashlights were grooving to the soulful performance by the band, the playlist, as if they were celebrating the nostalgia that hit them being back at their roots, the place where it all started.

Rising stars of today, that bloomed in the soil of this campus, graced the grounds of PCACS as well to celebrate this auspicious ceremony. The very talented Mr.Suhurud Wardekar , one of our prominent alumni, showcased the trailer of his upcoming venture that mesmerised people and made this event one of its kind.

The event stained the hearts of the attendants, be it the alumni or the faculty members, with the colors of joy, appreciation, happy tears, nostalgia, breaking a leg with the ones who shared this campus space for years and memories that will last a lifetime.

Some of the captured highlights:

1998-2018
