About College

PCACS has been in the forefront of activities bringing both corporate and companies close to the campus and encouraging them to establish facilities to cater to the needs of both students and faculty. We're always discovering. We don't fit the mould, we break it. Just as the world keeps moving, so do we. We're closely involved with our local community and we take our ideas into the global marketplace. We partner with business, industry and government to set the Placement for a better future. And we educate and transform the lives of our students to help them achieve their potential. Since the first day we opened our doors, we've looked towards the future. And we're here to help you shape it. Many reputed national and multinational companies visit our institute for campus recruitment annually because of our high quality research, excellent facilities and talented students. On an average, 75 to 80% of eligible students were placed in the last 3 years. The college has established good understanding with top companies like TCS, Capgemini, Infosys, Accenture, Tech Mahindra, Nokia, L&T Ltd. and others.
